1312 CONFLICT OF INTEREST

A member or representative of the MTU may be deemed to be in a conflict of interest when that person has an individual vested interest in the actions of a decision-making body of the MTU.

1. A member who may be deemed in a conflict of interest shall declare that interest before participating in discussion of the matter at a decision-making body of the MTU. The member shall refrain from voting on the matter.

The member, like any member of the MTU, has the right to make a presentation on the matter before the decision-making body begins its deliberations.

The MTU will take all reasonable steps to ensure that conflicts of interest are avoided.

It is the responsibility of all MTU officers to bring to the attention of the MTU any potential, apparent or real conflicts of interest. Conflicts of interest include, but are not limited to, situations where:

1. the local officer may in some way benefit materially or financially from exercising union duties; or
2. the local officer applies for a position outside the bargaining unit in a school district, a position with BCPSEA, or a similar management position.

When a conflict of interest arises, the MTU executive shall determine what steps are necessary in the circumstances. Examples of steps that may be taken include:

1. the officer absents herself/himself from the discussion and vote on any matter that gives rise to the conflict;
2. the officer no longer represents members vis-à-vis the school board (i.e. delegates the function of representing members to another officer);
3. the officer removes herself/himself from the decision-making of the MTU by:
 - 3.1 taking a leave of absence until such time as the conflict no longer exists; or

5120 STAFF COMMITTEES

A. GOALS AND PRINCIPLES

The purpose of a Staff Committee is to serve the professional and contractual needs of MTU members within each worksite. In particular, the Staff Committee serves as a vehicle for teachers to positively influence decision making in the workplace.

The Staff Committee structure provides a forum for collegial problem solving on matters of resource allocation, education policy and professional practice within the school.

B. SCOPE OF FUNCTION

The Union supports and encourages the formation of Staff Committees which are based on principles of participatory democracy, professional practice and collegiality.

The function of the Staff Committees shall be consistent with the terms of the Collective Agreement, BCTF Policy, and MTU Constitution and Policy.

The Staff Committee shall review and make recommendations on any matters of concern to teachers.

The Staff Committee may establish structures that promote effective communication and co-operation between staff and the school's Parent Advisory Committee.

The Staff Committee may receive representations from any members of the community in such a manner as it sees fit.

C. PROCEDURES

A staff committee may make decisions by consensus of the whole staff; by majority vote; or by delegation to any sub-committee or group authorized by the staff committee to make decisions on its behalf. Such practices shall not serve to limit the right of teachers to involvement in the decision making process.

Democratic decisions made by the school staff shall be binding on all members of the staff.

The school staff should not concede to administrative officers the right to reject democratically determined decisions of staff.

Decisions made by the staff committee, or by any group authorized by the staff committee to make decisions, shall be open to review and revision by the staff committee.

D. COMPOSITION

5131 DESIGNATION PROCESS

1. The designation process involves the co-ordinated work of many teachers and groups. The results of this process have significant effects on the workload of teachers and the learning conditions of students. The policies which follow state the collective strategies of the MTU, and direct the actions of MTU members who are involved in this process.
2. When contemplating a student who has special needs, teachers and committees will consider what assessment, support and placement are appropriate for the student, as well as

the needs of other students in the class, and the workload of the teacher. An arbitrary limitation on resources is not a valid consideration. All teachers of the student should be informed and invited to participate at such meetings.

3. Should an Administrative Officer request that an MTU member violate any of these policies, the MTU member will immediately notify the MTU. A direct order of the Board will be deemed valid only if it is delivered to the member, in writing, in the presence of an MTU representative.
4. All MTU members will support and accept student designations issued by Medical Doctors and/or BCTF members throughout the Province of B.C. until MTU policy 5136 has been satisfied.

January 31, 2001

5132 ROLE OF THE TEACHER

1. Most often, it is a teacher who initiates the designation process for a student, although a referral could also come from an administrator or a parent/guardian.
2. The teacher who initiates the referral should begin by keeping a record of classroom/school observations and examples of student work. This documentation should be continued as the student proceeds along the path toward designation. It may also be appropriate to refer the student to the Learning Assistance teacher for in-school assessment.
3. When the teacher has sufficient documentation (in the teacher's opinion), the student can be referred to the School-Based Team (SBT). There may be a form for this purpose in each school. The referral should ask for a particular designation as special needs. While it is not absolutely necessary, it is recommended to specifically ask for a psychological assessment of the student.
4. Where possible, the teacher should consult with the previous teacher and the student's file, to collect any pertinent documentation. The SBT is authorized to request specific information.
5. The teacher will also have an interest in following the progress of the referral through the various stages. If the teacher is unsatisfied with any decision or non-decision of the SBT, an appeal can be made to the District Screening Committee (DSC). In fact, if any part of the process appears to be moving unreasonably slowly, it may be advisable to make a referral to the DSC. The Staff Rep in the school and/or the staff at the MTU office are available to help if there are any questions.

January 31, 2001

5133 ROLE OF THE SCHOOL-BASED TEAM

The School-Based Team derives its authority from the Collective Agreement. The composition, operation and mandate of the SBT are specified in the contract. Most SBT's meet weekly, or as

often as needed. This MTU policy directs the behavior of MTU members of School-Based Teams. All MTU members of the SBT will ensure that the composition, mandate and function of the SBT comply with all provisions of the Collective Agreement, MTU Policy and the BCTF Code of Ethics.

1. The SBT shall elect its own Chair. The Chair will prepare and distribute the agenda for SBT meetings; chair meetings of the SBT; and distribute correspondence arising from SBT meetings.
2. Every teacher has the right to make, and have accepted, a referral to the School-Based Team. No member shall impede another member's right to refer a student to a SBT. All teacher requests are accepted for consideration by the SBT.
3. When a student is to be considered by the SBT, the Chair will ensure that all teachers of the student are informed, in writing, that the student's name has been placed before the SBT.
4. When a student is referred to them, the SBT is empowered to decide whether in-school assessment is required and sufficient; whether referral to Student Services is required; and whether placement and resources are appropriate.
5. MTU members will not duplicate diagnostic testing completed during the current designation process by other MTU members, without first providing that member with just cause.
6. The SBT will make its decisions by consensus if possible. Failing consensus, the contractual members of the team will decide by majority vote. Any decision of a SBT will be provided to the student's teachers, in writing.
7. The SBT should ensure that referrals proceed in a timely fashion. A teacher who feels that the process is unduly delayed may refer the student to the DSC.
8. When making decisions, the SBT will consider the educational needs of the student and the classroom, and will not accept an arbitrarily imposed limit on resources, such as the number of referrals per school or for the District as a whole.
9. When the SBT makes a decision, it should be prepared to explain its reasons. It should not be taken as a slight to the members of the SBT if a referring teacher wants an explanation, or wants to appeal a decision. A disagreement between colleagues regarding referral to SBT or DSC shall not be seen as questioning the professional competence of any individual involved.
10. Should an Administrative Officer request that an MTU member violate any part of this policy, the MTU member will immediately notify the MTU. A direct order of the Board will be deemed valid only if it is delivered to the member, in writing, in the presence of an MTU representative.

January 31, 2001

5134 ROLE OF STUDENT SERVICES

1. The Staff at Student Services provide a variety of specialized services for the district. Some of these relate directly to the designation process. All MTU members of Student Services will ensure that the mandate, function and actions of Student Services comply with all provisions of the Collective Agreement, MTU policy and BCTF Code of Ethics.
2. Students who have visual or auditory deficiencies are screened and designated through the appropriate support teacher. All other students will proceed through the generic designation process. This may involve contact with Student Services staff at various points.
3. For purposes of designation or de-designation, students are only referred to Student Services staff through a School-Based Team or the District Screening Committee.
4. Should an Administrative Officer request that an MTU member violate any part of this policy, the MTU member will immediately notify the MTU. A direct order of the Board will be deemed valid only if it is delivered to the member, in writing, in the presence of an MTU representative.

January 31, 2001

5135 ROLE OF THE DISTRICT SCREENING COMMITTEE

The District Screening Committee (DSC) is authorized under the Collective Agreement. All MTU members of the DSC will ensure that the composition, mandate and function of the DSC comply with all provisions of the Collective Agreement, MTU policy and the BCTF Code of Ethics.

1. Referral Process

A student should be referred to the DSC using the Referral Form which has been approved by the Board and the MTU. This form is freely available in all schools, from the Student Services Office or from the MTU office.

The Referral Form should then be directed to the Chair of the DSC, who will distribute copies to all DSC members.

2. Conduct of Meetings

The first meeting of each year shall be held on the first Monday in October. At this meeting the Committee shall:

- elect a Chair for the year, who serves until a successor is chosen
- set a regular schedule of meetings
- conduct other business as the Committee deems fit

The Chair shall be responsible for preparing and distributing the agenda one week prior to each meeting. Minutes shall be kept and distributed for all meetings.

3. Deliberations of the Committee

The Committee shall hear all cases referred to it. Presentation may be in writing or in person, or a combination of both. In the case of personal presentation, the referring party may present personally or through an advocate. Every teacher has the right to make, and have accepted, a referral to the District Screening Committee.

In making its decision, the DSC will consider whatever information is made available to it, including but not limited to assessment(s) by appropriate Student Services staff and documentation from the referring teacher or the SBT. In accordance with FOIPOP order #115, MTU members must provide all relevant information pertaining to a student referred to the DSC.

The Committee will attempt to reach decision by consensus. Failing consensus, decision will be by majority vote.

All MTU members will recognize the right of the DSC to designate and/or de-designate any student.

When the DSC makes a decision, it should be prepared to explain its reasons. It should not be taken as a slight to the members of the DSC if a referring teacher wants an explanation, or wants to appeal a decision. The MTU can initiate an appeal through the grievance process.

4. Confidentiality

In order to make informed decisions, the Committee will likely have access to sensitive personal information about students. Committee members will respect the students' right to privacy.

When Committee members report to their constituent bodies, the reporting shall be generic. Only if a referred student's case is the subject of further process (e.g. grievance) will information be shared on a need-to-know basis.

5. Decisions of the Committee

Decisions of the Committee shall be communicated to the referring party and to the School-Based Team at the student's school.

January 31, 2001

5136 DE-DESIGNATION PROCESS FOR SPECIAL NEEDS STUDENTS

1. The process of de-designating a student begins with a teacher, parent or administrator making the appropriate referral to the School-Based Team (SBT). As affirmed by a Surrey arbitration award in 1992, the de-designation process itself must be as rigorous as the designation process. In order to maintain a designation, the student must meet the criteria of Appendix 6 of the Collective Agreement.
2. All MTU members will support and accept student designations issued by Medical Doctors and/or BCTF members throughout the Province of B.C. until this policy (5136) has been satisfied.

3. The SBT Chair will ensure that all teachers of a student being considered for de-designation have been informed prior to the de-designation meeting taking place.
4. When contemplating the de-designation of a student who has special needs, the SBT will consider what assessment, support and placement are appropriate for the student, as well as the needs and the condition of the student; the needs of other students in the class, and the workload of the teacher.
5. Student Services staff may review the designations of students on a regular annual basis. If a recommendation to de-designate a student arises from the review, the recommendation shall be forwarded to the appropriate SBT for consideration.
6. The SBT will ensure that, where appropriate, the immediate past, present and future teachers are advised when the de-designation of a student is contemplated. The "future" teacher would be an appropriate consideration when the SBT is making a decision in May-June for the next school year. The SBT may defer making a decision until the concerns of all stakeholders have been heard and considered.
7. If any teacher or administrator is unsatisfied with the recommendation of a SBT to de-designate a student, the matter can be referred to the District Screening Committee (DSC), which acts as an appeal body and has the authority to designate/de-designate a student.

5137 MODERATE AND SEVERE BEHAVIOR DESIGNATIONS

Students with behavior disorders are described in Appendix D of the Collective Agreement, and in greater detail in the Ministry's Special Education Services Manual.

The following policy statements apply to the designation of students with either severe or moderate behavior disorders.

1. The process normally begins with the classroom teacher. MTU members must document and report all incidents of severe behavior including, but not limited to, defiance, verbal or physical aggression, self-destructive behavior, depression, etc.
2. A copy of this documentation will be placed in the student's file in the school, and a copy kept by the teacher.
3. If incidents of severe behavior are ongoing, the teacher will refer the student to the SBT.
4. When a student is to be considered by the SBT, the Chair will ensure that all teachers of the student are informed, in writing, that the student's name has been placed before the SBT.
5. The MTU members on the SBT will ensure that the referring teacher is informed of support accessible through the SBT; the Collective Agreement, and the Worker's Compensation Board.
6. The SBT should ensure that referrals proceed in a timely fashion. A teacher who feels that the process is unduly delayed may refer the student to the DSC.

7. MTU members who receive information from guardians and/or outside agencies, indicating the child may be a threat to themselves or others, must report the information to the SBT and the classroom teacher(s).
8. When a student who has a history of violent behavior arrives during the school year, the student should not be allowed entry to the classroom until a violence prevention plan is in place and the teacher feels completely safe. At the earliest possible opportunity, a SBT meeting should be convened to discuss an immediate moderate or severe behavior designation.
9. All MTU members will support and accept student designations issued by Medical Doctors and/or BCTF members throughout the Province of B.C. until MTU policy 5136 has been satisfied.
10. Any teacher who is not satisfied with the actions of a SBT may refer the student to the DSC.
11. Should an Administrative Officer request that an MTU member violate any part of this policy, the MTU member will immediately notify the MTU. A direct order of the Board will be deemed valid only if it is delivered to the member, in writing, in the presence of an MTU representative.

January 31, 2001

5138 SPECIFIC SERVICES

The MTU supports an increase in direct teacher services to special needs students at the elementary and secondary levels. The MTU supports such additional specific services as:

1. Elementary Resource Room program(s)
2. Gifted program(s)
3. Elementary Severe Behavior programs

5149 EVALUATION OF NON-TEACHING PERSONNEL

A teacher shall evaluate a member of non-teaching personnel only under the following conditions:

1. The evaluation process is agreed among the Board, the teacher's Union, and the aide's Union. (CUPE)
2. The Board must have policy in place, specifically authorizing such evaluation.
3. The Board must provide insurance against defamation charges for any teacher who evaluates non-teaching personnel.

5151 CONTENT OF REPORT CARDS

The content of student report cards shall be as mandated by the Minister of Education, under the School Act and its affiliated Regulations.

The decision whether to include additional information is within the professional autonomy of the teacher.

Similarly, the form and content of any statement assessing the progress of a student is within the professional autonomy of the teacher. (*See Collective Agreement Article F.26*)

September 2009

5152 REPORT CARDS & CLERICAL WORK

Teachers will produce report cards pursuant to MTU Policy 5151 Content of Report Cards.

Teachers will submit the report cards to the administrator within a reasonable amount of time before they are scheduled for distribution.

Teachers will not assume the clerical work associated with producing the report cards – making photocopies for school files; placing reports in school files; affixing labels to the reports; stuffing envelopes with reports and assorted materials.

Teachers may distribute the report cards to students and/or parents.

5212 STAFF MEETING DAYS

Staff Meetings shall be held only on days when school is in session. In particular, no staff meeting shall be held on a Saturday, Sunday or any school holiday; nor shall it be held at any time during the summer from the close of school in June until Labour Day.

January 28, 1987

5213 WEDNESDAY AFTERNOONS

The Mission Teachers' Union supports the assignment of various activities in the District to specific days of the week. In this way it should be possible to avoid scheduling conflicts within the District, and to ensure fuller participation by teachers in all activities.

In particular, the MTU expects that Wednesday afternoons be reserved for Union business; including, but not limited to, the following:

1. General Meetings
2. Staff Representative Assembly meetings
3. Executive Committee meetings
4. meetings of Standing or Ad Hoc Committees.

At all times, members of the Union should encourage administrative staff to avoid scheduling either school or District events on Wednesday afternoons.

5221 AMENDMENTS TO THE SCHOOL CALENDAR

The MTU shall consider amendments to school calendar(s) through the following process:

1. Notice of intention to seek approval of a local school calendar or an amendment to a school calendar

Notice of a proposal for a local school calendar or an amendment to a school calendar will be given by the board at least seven days prior to seeking approval of the proposal. The board shall provide notice to the local president, the staff rep(s) and to the employees assigned to the school. This notice to seek approval must be at least:

- forty-five (45) days prior to the date of the consideration by the Board of School Trustees of the approval or lack of approval, as the case may be, for the proposal if the days in session are consistent with the standard school calendar, or
- one hundred and five (105) days prior to the consideration by the Board of School Trustees of the approval or lack of approval, as the case may be, for the proposal if the days in session are not consistent with the standard school calendar.

2. Secret ballot of employees assigned to the school

After notice of a proposal the MTU will conduct a meeting of members assigned to the school on a regular basis, with one or more members of the local Executive Committee as

designated by the president. At this meeting the factors outlined in section 4 below will be examined. Following discussion of the proposal a secret ballot of the members assigned to the school will be held. The results and ballots will be forwarded to the Executive Committee through the president.

3. Consideration of a proposal by the MTU.

- No proposal will be approved that increases the hours of work, days in session, supervision duties or reduces the preparation time as set out in the Collective Agreement.
- If three quarters (3/4) or fewer of the members assigned to the school vote in favor of the proposal, the proposal will not be approved.
- If more than three quarters (3/4) of the members assigned to the school vote in favor of the proposal then the proposal will be forwarded to the Executive Committee for consideration.

4. Factors the Executive Committee will consider regarding a proposal.

Among the factors the Executive Committee will consider in determining whether or not to approve a proposal are:

- scope and significance of the change
- terms and conditions of the collective agreement and the impact of the proposal on administration and enforcement of the collective agreement
- impact of the proposal on professional practice and pedagogy
- support of the other union(s) of employees assigned to the school
- impact on other members, including teachers teaching on call
- the needs and concerns of the minority, including the opportunity to post in and out of the school
- availability of district services for the days in session
- other local factors

5. Communication of decision

The president will communicate the decision of the Executive Committee to the members assigned to the school, to the Board and to the other unions affected.

If the proposal is not approved the MTU may choose to communicate its concerns to the Board so that the Board may have the opportunity to revise the proposal for reconsideration by the Executive Committee and the members assigned to the school.

6. Collective agreement varied or amended by the proposal

If the proposal amends or varies the collective agreement or requires an amendment or variance of the collective agreement, the MTU will give only tentative approval and the MTU will ensure that the appropriate Letters of Understanding are negotiated and drawn up before giving final approval to the proposal. These Letters of Understanding must not deteriorate or erode any terms and conditions of the collective agreement.

5222 YEAR ROUND SCHOOLS

The MTU supports in principle the Board's intention to offer parents and students the option of a single-track Year Round School (YRS). We expect an implementation plan to include consultation with the community and with CUPE and negotiation with the MTU.

In particular, the MTU expects that the following conditions will be met, with respect to teaching positions at a Year Round School:

1. Teachers' working conditions comply with all conditions of the Collective Agreement which have not been expressly excluded.
2. Students and teachers will have access to the full range of Special Education services.
3. All teaching positions at the YRS are considered new and significantly different from positions in a school with a regular calendar. Upon conversion to YRS, all teaching positions in the school will be posted and filled in accordance with Articles E.11 and E.12.
4. Teachers are assured to have continued access to the 12-month pay system.

5400 ROLE OF SCHOOL MTU HEALTH AND SAFETY REPRESENTATIVES

MTU Health & Safety reps at each worksite perform the following duties:

1. Represent and assist MTU members in Health and Safety matters by participating in regular site inspections, meetings and investigations.
2. Report to the members via the staff committee and staff meeting forum.
3. Act as a contact between MTU members and District Health and Safety representatives.

May 25, 2005

.....

5401 HEALTH AND SAFETY

The MTU expects that the School Board will maintain each worksite to the Health & Safety standards included in the Collective Agreement and the WCB Regulations.

Employees have a legal obligation to report any unsafe condition or violent incident. It is against the law for any representative of the employer to counsel an employee otherwise.

The MTU specifically affirms the superiority of the Collective Agreement and WCB Regulations over School Board policy.

May 21, 2003

5402 REFUSING UNSAFE WORK

Teachers, like all workers, have a right to refuse unsafe work, which is guaranteed by Sections 3.12 and 3.13 of Worksafe BC Regulations.

Unsafe work for teachers could take many forms, such as: serious communicable diseases, including those affecting a pregnant teacher's fetus; physical problems like the presence of mold, asbestos or construction; violence or threats of violence; etc.

A young child who bites or kicks is just as much a violent incident as any physical threat by a student or parent.

The refusal of unsafe work is an individual decision of the employee. It cannot be used a collective strategy by a group of workers. Individuals must have reasonable cause to believe that the workplace is unsafe for each of them.

The employer cannot deny the employee's right to refuse unsafe work, nor the right to leave an unsafe workplace. The Act requires that any person who has reason to believe that an unsafe condition exists in the workplace, must report it. The unsafe condition may affect the teacher or anyone else, such as students.

This obligation to report unsafe work is an exception to the usual practice of "work now, grieve later". The teacher informs the AO and works through the process of reporting unsafe work with the AO.

The MTU acknowledges the right of the Board to assign the teacher to a safe, suitable, alternate worksite.

The process of refusing unsafe work may follow several steps:

1. The teacher reports the hazard to the AO, saying, "I am refusing unsafe work", and giving the reasons why it is unsafe. The teacher may be accompanied by a Staff Rep or a Health & Safety Rep, and should complete Worksafe BC report form 6A.

The AO will immediately investigate, and may solve the problem. If the AO says there is no hazard and the teacher disagrees, the teacher will proceed to step 2.

2. Step 2 involves an inspection by the teacher, the AO and the Health & Safety rep. These three may agree on a resolution. If not, the matter proceeds to step 3.
3. Step 3 involves an inspection by a Worksafe BC officer. The officer may write orders to the Board to remedy the problem, may stop work on the premises, or may close all or part of the facility. If the officer finds no hazard, the teacher must return to work at this time, or use some other form of leave.

If replacement workers are used during this time, they must be told why the original teacher(s) left.

If the teacher is unsatisfied with the results of the inspection by the WCB officer, there is a further review process available. The teacher should seek advice from the MTU or the BCTF about this process.

Teachers refusing unsafe work must be available to participate in the investigation, but cannot be required to return to an unsafe worksite.

5411 DEALING WITH VIOLENT STUDENTS

1. The District's Violence Prevention Manual, section 4, includes excellent suggestions for dealing with violent students. These procedures primarily concern handling the immediate event. In addition, the MTU expects these additional procedures will be followed.
2. When a new student registers with the District, contact will be made immediately with the previous School District to ascertain whether any serious behavioral concerns attach to the student. Such information will be shared with the teacher(s) and a violence prevention plan developed before the student is enrolled in a class.
3. When a student who has a history of violence changes schools in the District, the behavioral history will be shared with the teacher(s) and a violence prevention plan developed before the student is enrolled in a class.
4. When a student who has a history of violence moves to another district, the behavioral history will be kept in a state of readiness, to be shared with the receiving district upon request.

May 14, 1997

5412 DEALING WITH VIOLENT PARENTS

1. The District's Violence Prevention Manual, section 4, includes excellent suggestions for dealing with violent individuals. In addition to these procedures, which primarily concern handling the immediate event, the following additional procedures are suggested.
2. When a student, whose parent has a history of violence, changes schools in the District, the history will be shared with the teacher(s) and a violence prevention plan developed before the student is enrolled in a class.
3. When a student, whose parent has a history of violence, moves to another district, the history will be kept in a state of readiness, to be shared with the receiving district upon request.

5413 HOME VISITS

The MTU advises that teachers apply the following guidelines for home visits:

1. Home visits are conducted only by appointment, with the time and purpose established beforehand.
2. The school office should be given the time and location of each visit, with a check-in procedure followed after each visit.
3. At least three people (teacher, parent and student) should be in the home at the time of the visit.
4. Employees should enter a home only if they are completely comfortable. When there is doubt, make alternate arrangements (go in pairs; meet at school or library, etc.)
5. The teacher should be aware of the risk posed by animals. Stay in the car until the animal has been secured.
6. The teacher should bring a cellular phone.
7. Additional procedures for home visits will be established as part of each school's risk assessment.

6201 PURPOSE OF PROFESSIONAL DEVELOPMENT

The Union believes that, generally the purpose of Professional Development (PD) is to improve the quality of instruction, by addressing the professional needs of the teachers as they prepare and

continue to do their work. PD is an ongoing process which a teacher may use to remediate, upgrade or otherwise modify techniques or styles of instruction.

Specific purposes for Professional Development include the following:

1. to enhance personal instructional skills and methods;
2. to provide exposure to new ideas, research, resources and technology;
3. to improve personal management skills;
4. to facilitate curriculum implementation;
5. to upgrade knowledge of subject content
6. to increase interaction among teachers, both inter- and intra- District;
7. to provide related professional experiences.

April 27, 1988

6211 PURPOSE OF THE PROFESSIONAL DEVELOPMENT FUND

As established by contract between the MTU and the Board, there shall be a PD Fund. This fund shall be held and disbursed through individual accounts at the MTU Office, in accordance with MTU Policy.

In light of the bargaining history, the fund may be responsible for the costs of individual PD activities and materials. Legitimate costs to the fund include the following activities:

- a. The Provincial (PSA) day, usually fourth Friday in October,
- b. PSA conference, whenever it is held during the year,
- c. the individual PD day (Article F.3.3: PD Funding),
- d. other individual PD choices, except as noted below.

Further to the bargaining history, the PD Fund shall not be responsible for the costs of either District-wide or school-based PD events. These were bargained as the Board's cost. For the costs of these days, teachers should apply to their schools' Implementation Funds.

Notwithstanding the foregoing, the MTU will use the PD Fund to provide the district-wide PD day, until the board recognizes its obligation.

In particular, the fund will not be responsible for any costs related to new curriculum in-service. At all times in-service is the Board's responsibility.

6212 OPERATION OF THE PROFESSIONAL DEVELOPMENT FUND

The PD Fund shall be administered by the MTU Office Manager, at the direction of the Executive, according to the following procedures:

1. Each teacher shall have an individual PD account. A teacher can claim reimbursement from the account by submitting the claim form and the appropriate receipts to the MTU Office Manager. A claim must be made within 2 years of the date that the cost was incurred.

A claim will not be accepted for an advance payment, except when an expense has actually been incurred in advance (e.g. early registration) and the claim is accompanied by an appropriate receipt.

Submissions for reimbursement will be assessed by the Professional Development Chair, and will be consistent with MTU Policies 6202 Purpose of Professional Development, and 6211 Purpose of the Professional Development Fund. All approved submissions for reimbursement will be reimbursed, as long as a receipt, or other reasonable proof of expenditure has been received. Any denied submission for reimbursement must result in the member requesting reimbursement being notified in writing (e.g. email) within two business days.

The MTU ProD Committee will offer prior approval for ProD expenses and will advise when proposed ProD work does not align with CRA guidelines on professional development. The MTU ProD Committee will encourage members to seek pre-approval in order to expedite reimbursement and avoid possible denials.

2. In the case where a request for reimbursement is denied, the member may appeal the denial to the ProD Committee. If the ProD Committee also denies the claim, the member may further appeal to the Executive Committee at their next regularly scheduled meeting. The decision of the Executive shall be final.
3. In September of each year, the Executive shall determine the amount of money to be placed in each teachers' account from the PD Fund. This amount shall be in proportion to each teacher's FTE.
4. Teachers may choose to carry over their PD accounts to a maximum of six (6) years. After six (6) years such accounts will not receive further annual deposits until money has been spent from the accounts. In September of each year, the Executive shall determine the maximum amount in each teacher's account, based on the deposits over the last five years. (see formula below)
5. As the current 6-year maximum can vary from year to year, some teachers could be in the position of temporarily having a balance higher than the current 5-year maximum. In such cases, the higher amount is allowed to remain in the account.
Example:

<u>Date</u>	<u>Deposit</u>	<u>Balance/6-year max</u>
-------------	----------------	---------------------------

Sep 93	150	150
Sep 94	155	305
Sep 95	160	465
Sep 96	155	620
Sep 97	160	780
Sep 98	160	940
Sep 99	150	940

6. The annual deposit is calculated according to the formula below. Teachers whose accounts are at or above the current 5-year maximum will receive no deposit. Teachers whose accounts are close to the current 5-year maximum (i.e. less than one annual deposit below max) will be topped up to the current 5-year maximum. Any remaining money will be equally distributed among those accounts eligible to receive it, while ensuring that no account is topped up beyond the current 5-year maximum. This “re-distribution” deposit will not count as part of the “individual annual deposit” in the formula. For the purpose of calculating individual annual deposits, the accumulated totals in PD accounts shall only include claims made by June 30 of each year.
7. Unclaimed funds in individual accounts (retirement, resignation, etc.) shall be returned to the PD Fund for future reallocation under 6212.2 of this policy.
8. A teacher wishing to volunteer all or partial pro-d funds for redistribution may choose to do so at any time. Such funds will be redistributed with other funds as per 6212.2. The funds are not to be gifted to a specific individual or group, but must be redistributed to all teachers. Requests for redistribution must occur in writing/email, and must indicate whether the funds will be coming from regular pro-d funds or remedy pro-d funds.
9. A fund, topped up to \$2,000.00 each year, shall be allocated from the PD Fund to provide PD activities for Teachers-on-Call. These PD activities shall be organized through the PD Committee.
10. A fund, topped up to \$2,000.00 each year, shall be allocated, on a pro-rata basis, for teachers new to the District during the remainder of that school year.
11. A fund, topped up to \$5,000.00 each year, shall be allocated to provide for a District-wide PD day.
12. A fund, topped up to \$1,000.00 each year, shall be allocated to provide workshops throughout the year.
13. A fund, topped up to \$300.00 each year, shall be allocated to cover administrative charges for the PD Fund.

The MTU holds the following expectations for the operation of the day, and expects its members to articulate these expectations in any meeting with partners:

1. The committee preparing for the PD day will solicit as wide a range of presentations as practicable.
2. Teachers will have free, independent choice of which presentations they wish to attend.
